

I can't believe how much the U.S.A. is acting like Nazi Germany before WWII. I believe Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is an example.

I pay for these airwaves and find it offensive and frightening that political statements can be made by a large syndicate without any regard for fairness.

Aren't they using their economic and technological clout to influence the election for their own good?

What about what's good for us? Can this be good for the election for either side? If they are allowed to do this, I feel it is my right to demand equal time for anti-Bush messages to be aired on the same stations immediately following the anti-Kerry statements.

It is YOUR responsibility to see that abuses such as the one contemplated by Sinclair Broadcasting are kept from the airwaves.

OUR airwaves. That's OUR as in U.S. citizens.
